CAMP PHILOSOPHY

Jay Fiedler's Prime Time Football Skill's Camp was designed with the high school football player's safety and development in mind.

Our goal is to teach fundamentals for each specific football skill position, so that each camper will better comprehend and appreciate the great sport. Players will come away with a better understanding of their offensive and defensive position by the conclusion of the camp. Our experienced coaching staff intend to provide a positive experience for all campers that will help prepare them for the summer of work that is ahead.
